Journal of Clinical Ultrasound
Subject Index to Volume 23

ABDOMINAL TUBERCULOSIS

Abdominal tuberculosis: Comparison of sonography and computed tomography. Sheikh et al. 413

ABDOMINAL WALL DEFECTS

Changing ultrasonographic appearance of a vesico-allantoic abdominal wall defect. Nowell et al. 391

ABDOMINOPERINEAL RESECTION

Ultrasound-guided transperineal needle biopsy of the prostate after abdominoperineal resection. Fornage et al. 263

ABDOMINOSCROTAL HYDROCELE

Abdominoscrotal hydrocele: Diagnosis by sonography. Sivam et al. 210

ABERRANT PANCREAS

Sonographic appearance of an aberrant pancreas with unusual characteristics. Sánchez Ruano et al. 207

ABORTION, THREATENED

Early fetal circulation in pregnancies complicated by retroplacental hematoma. Rizzo et al. 525

ACCELERATION TIME

Acceleration time in normal fetal umbilical artery at term and its relationship to the cord blood hematocrit. Chang et al. 33

ACHONDROGENESIS

Prenatal diagnosis of Langer–Saldino achondrogenesis. Tongsong et al. 56

ADHESIONS

Visceral slide for intraperitoneal adhesions? A prospective study in 48 patients with surgical correlation. Uberoi et al. 363

ADNEXAL TORSION

The engorged fallopian tube: A new sonographic sign for adnexal torsion. Caspi et al. 505

ADRENAL HEMORRHAGE

Antenatal sonographic findings of fetal adrenal hemorrhage. Strouse et al. 442

ANEURYSM

A case of extrahepatic portal vein aneurysm accompanying lupoid hepatitis. Itoh et al. 374

ANGIOGRAPHY

Image-directed and color Doppler ultrasonography in the diagnosis of postbiopsy arteriovenous fistulas of native kidneys. Özbek et al. 239

ANIMAL MODELS

Experimental aspects of high-intensity transient signals in the detection of emboli. Markus and Tegeler. 81

ANTENATAL DIAGNOSIS

Antenatal sonographic detection of the proximal esophageal segment: Specific evidence for congenital esophageal atresia. Satoh et al. 419

AORTIC DISSECTION

Aortic dissections masquerading as aortic valvular disease. Xie et al. 382

APPENDICITIS

Degenerated uterine leiomyoma mimicking acute appendicitis: Sonographic diagnosis. Yacoe and Jeffrey, Jr. 473

ARTERIAL WALL THICKNESS

Biophysical priniciples of vascular diagnosis. Hoeks and Reneman. 71

ARTERIOVENOUS FISTULA

Image-directed and color Doppler ultrasonography in the diagnosis of postbiopsy arteriovenous fistulas of native kidneys. Özbek et al. 239

ARTIFACTS

Review of artifacts associated with transrectal ultrasound: Understanding, recognition, and prevention of misinterpretation. Hulsmans et al. 483

ATHERECTOMY

A randomized trial of transcutaneous extraction atherectomy in femoral arteries: Intravascular ultrasound observations. Nakamura et al. 461

ATHEROSCLEROSIS

Quantification and assessment of carotid artery lesions: Degree of stenosis and plaque volume. Arbeille et al. 113

New and future developments in cerebrovascular ultrasound, magnetic resonance angiography, and related techniques. Meairs et al. 139

BILIARY ASCARIASIS

Biliary ascariasis: Ultrasound diagnosis. Mehta et al. 500

BIOPSY

Thyroid nodules: Re-evaluation with ultrasound. Takashima et al. 179

Image-directed and color Doppler ultrasonography in the diagnosis of postbiopsy arteriovenous fistulas of native kidneys. Özbek et al. 239

Ultrasound-guided fine-needle aspiration biopsy of solitary pulmonary nodules. Chen et al. 531

BLOOD FLOW

Biophysical priniciples of vascular diagnosis. Hoeks and Reneman. 71

Transcranial color-coded duplex sonography, magnetic resonance angiography, and computed tomography angiography: Methods, applications, advantages, and limitations. Baumgartner et al. 89

Cerebrovascular regulation and vasoneuronal coupling. Daffertshofer and Hennerici. 125

New and future developments in cerebrovascular ultrasound, magnetic resonance angiography, and related techniques. Meairs et al. 139

Doppler velocity histogram analysis of hepatocellular carcinoma. Yasuhara et al. 225

BLOOD FLOW VELOCITIES

Quantitative characterization of color Doppler images: Reproducibility, accuracy, and limitations. Delorme et al. 537

BLOOD FLOW VELOCITY

Comparison of cerebral blood flow velocity estimation with cranial ultrasound imaging for early prediction of outcome in preterm infants. Rennie et al. 27

BLOOD VELOCITY

Measurement of blood flow velocity in the basal cerebral circulation: Advantages of transcranial color-coded sonography over conventional transcranial Doppler. Martin et al. 21

Acceleration time in normal fetal umbilical artery at term and its relationship to the cord blood hematocrit. Chang et al. 33

BOWEL PERFORATION

Visceral slide for intraperitoneal adhesions? A prospective study in 48 patients with surgical correlation. Uberoi et al. 363

BRAIN

Comparison of cerebral blood flow velocity estimation with cranial ultrasound imaging for early prediction of outcome in preterm infants. Rennie et al. 27

BREAST CANCER

The use of color Doppler in the diagnosis of occult breast cancer. Lee W-J, et al. 192

BREAST SPARGANOSIS

Breast sparganosis: Mammographic and ultrasound features. Chung et al. 447

BREAST TUMORS

Evaluation of breast tumors with color Doppler imaging: A comparison with image-directed Doppler ultrasound. Lee S-K, et al. 367

CALCIFICATION

Thyroid nodules: Re-evaluation with ultrasound. Takashima et al. 179

CANDIDA ALBICANS

Candida fungus balls presenting as intraventricular masses in cranial sonography. Winters et al. 266

CARCINOID SYNDROME

Ultrasound appearance of primary carcinoid tumor of the gallbladder associated with carcinoid syndrome. Salimi and Sharafuddin. 435

CARCINOID TUMORS

Ultrasound appearance of primary carcinoid tumor of the gallbladder associated with carcinoid syndrome. Salimi and Sharafuddin. 435

CAROTID ARTERY

Quantification and assessment of carotid artery lesions: Degree of stenosis and plaque volume. Arbeille et al. 113

CASTLEMAN'S DISEASE

Ultrasound appearance of parotid Castleman's disease. Ahuja AT, et al. 254

CEREBRAL ARTERIES

Measurement of blood flow velocity in the basal cerebral circulation: Advantages of transcranial color-coded sonography over conventional transcranial Doppler. Martin et al. 21

CEREBRAL BLOOD FLOW

Comparison of cerebral blood flow velocity estimation with cranial ultrasound imaging for early prediction of outcome in preterm infants. Rennie et al. 27

Cerebrovascular regulation and vasoneuronal coupling. Daffertshofer and Hennerici. 125

CEREBRAL EMBOLISM

Experimental aspects of high-intensity transient signals in the detection of emboli. Markus and Tegeler. 81

CEREBROVASCULAR DIAGNOSIS

Biophysical priniciples of vascular diagnosis. Hoeks and Reneman. 71

Transcranial color-coded duplex sonography, magnetic resonance angiography, and computed tomography angiography: Methods, applications, advantages, and limitations. Baumgartner et al. 89

New and future developments in cerebrovascular ultrasound, magnetic resonance angiography, and related techniques. Meairs et al. 139

CHILAIDITI SYNDROME

Sonographic findings in Chilaiditi syndrome. Changchien. 49

CHOLECYSTITIS

Further observations on the usefulness of the sonographic Murphy sign in the evaluation of suspected acute cholecystitis. Bree. 169

CHOLEDOCHUS

Duplication of gallbladder associated with cholelithiasis: Sonographic detection. Chouhan et al. 556

CIRRHOSIS

Portal vein pulsatility in normal and cirrhotic adults without cardiac disease. Wachsberg et al. 3

CLEFT LIP AND PALATE

Color Doppler ultrasound and prenatal diagnosis of cleft palate. Monni et al. 189

COILS

Multiplane transesophageal echocardiographic evaluation of transvenous defibrillation leads. Fehske et al. 153

COLON

Sonographic findings in Chilaiditi syndrome. Changchien. 49

COLOR DOPPLER

Image-directed color Doppler ultrasonography of kidney in systemic lupus nephritis. Özbek et al. 17

Measurement of blood flow velocity in the basal cerebral circulation: Advantages of transcranial color-coded sonography over conventional transcranial Doppler. Martin et al. 21

The use of color Doppler in the diagnosis of occult breast cancer. Lee W-J, et al. 192

Increased uterine and ovarian vascular resistance following Filshie clip sterilization: Preliminary findings obtained with color Doppler ultrasonography. Sumiala et al. 511

COLOR DOPPLER SONOGRAPHY

Color Doppler sonography: Anatomic and physiologic assessment of the thyroid. Clark et al. 215

COLOR DOPPLER TECHNOLOGY

Prenatal diagnosis of mucoid degeneration of the umbilical cord. Petrikovsky et al. 554

COLOR DOPPLER ULTRASONOGRAPHY

Doppler velocity histogram analysis of hepatocellular carcinoma. Yasuhara et al. 225

Evaluation of breast tumors with color Doppler imaging: A comparison with image-directed Doppler ultrasound. Lee S-K, et al. 367

Early fetal circulation in pregnancies complicated by retroplacental hematoma. Rizzo et al. 525

Assessment of fetal breathing movements using three different ultrasound modalities. Bruner and Coggins. 551

COLOR DOPPLER ULTRASOUND

Color Doppler ultrasound and prenatal diagnosis of cleft palate. Monni et al. 189

COMPUTED TOMOGRAPHY

Transcranial color-coded duplex sonography, magnetic resonance angiography, and computed tomography angiography: Methods, applications, advantages, and limitations. Baumgartner et al. 89

COMPUTER ASSISTED IMAGE ANALYSIS

Quantitative characterization of color Doppler images: Reproducibility, accuracy, and limitations. Delorme et al. 537

CONGENITAL ESOPHAGEAL ATRESIA

Antenatal sonographic detection of the proximal esophageal segment: Specific evidence for congenital esophageal atresia. Satoh et al. 419

COR TRIATRIATUM DEXTER

Cor triatriatum dexter diagnosed by transesophageal echocardiography. Fiorilli et al. 502

COSTAL CARTILAGE

Sonography of the costal cartilage: Normal anatomy and preliminary clinical application. Choi et al. 243

CRANIAL SONOGRAPHY

Candida fungus balls presenting as intraventricular masses in cranial sonography. Winters et al. 266

CT DIAGNOSIS

Abdominal tuberculosis: Comparison of sonography and computed tomography. Sheikh et al. 413

CYSTIC DEGENERATION

Ultrasonic "honeycomb" appearance of uterine submucous fibroids undergoing cystic degeneration. Cohen et al. 293

DENGUE HEMORRHAGIC FEVER

Gallbladder wall thickening in dengue hemorrhagic fever: An ultrasonographic study. Setiawan et al. 357

DIABETIC KETOACIDOSIS, INSULIN-DEPENDENT DIABETES MELLITUS

Transcranial Doppler ultrasound assessment of intracranial hemodynamics in children with diabetic ketoacidosis. Hoffman et al. 517

DISCORDANT UMBILICAL ARTERY FLOW VELOCITY WAVEFORMS

Discordant umbilical artery flow velocity waveforms in spontaneous umbilical cord hematoma. Sepulveda et al. 330

DOPPLER ECHOCARDIOGRAPHY

Changes in transmitral and pulmonary venous flow patterns in the first day of life. Harada et al. 399

DOPPLER SONOGRAPHY

Color Doppler sonography: Anatomic and physiologic assessment of the thyroid. Clark et al. 215

DOPPLER ULTRASONOGRAPHY

Portal vein pulsatility in normal and cirrhotic adults without cardiac disease. Wachsberg et al. 3

Image-directed color Doppler ultrasonography of kidney in systemic lupus nephritis. Özbek et al. 17

Comparison of cerebral blood flow velocity estimation with cranial ultrasound imaging for early prediction of outcome in preterm infants. Rennie et al. 27

Biophysical priniciples of vascular diagnosis. Hoeks and Reneman. 71

Experimental aspects of high-intensity transient signals in the detection of emboli. Markus and Tegeler. 81

Transcranial color-coded duplex sonography, magnetic resonance angiography, and computed tomography angiography: Methods, applications, advantages, and limitations. Baumgartner et al. 89

Quantification and assessment of carotid artery lesions: Degree of stenosis and plaque volume. Arbeille et al. 113

Cerebrovascular regulation and vasoneuronal coupling. Daffertshofer and Hennerici. 125

New and future developments in cerebrovascular ultrasound, magnetic resonance angiography, and related techniques. Meairs et al. 139

Staging of hilar cholangiocarcinoma with ultrasound. Neumaier et al. 173

Image-directed color Doppler ultrasonography in the evaluation of superficial solid tumors. Özbek et al. 233

Relationship between portal blood flow measured by image-directed Doppler ultrasonography and hepatic blood flow measured by indocyanine green constant infusion in patients with cirrhosis. Bolognesi et al. 297

Evaluation of breast tumors with color Doppler imaging: A comparison with image-directed Doppler ultrasound. Lee S-K, et al. 367

Hypertensive intra-arterial chemotherapy for endometrial carcinoma assessed by transvaginal Doppler ultrasound and magnetic resonance imaging. Hata et al. 407

Flow reversal in the right anterior branch of the portal vein: "Bicolor portal vein" color Doppler analysis. Donoso et al. 429

Hepatic venous Doppler waveforms: Changes in pregnancy. Roobottom et al. 477

Increased uterine and ovarian vascular resistance following Filshie clip sterilization: Preliminary findings obtained with color Doppler ultrasonography. Sumiala et al. 511

Transcranial Doppler ultrasound assessment of intracranial hemodynamics in children with diabetic ketoacidosis. Hoffman et al. 517

Early fetal circulation in pregnancies complicated by retroplacental hematoma. Rizzo et al. 525

Quantitative characterization of color Doppler images: Reproducibility, accuracy, and limitations. Delorme et al. 537

Assessment of fetal breathing movements using three different ultrasound modalities. Bruner and Coggins. 551

DOPPLER, TRANSCRANIAL

Measurement of blood flow velocity in the basal cerebral circulation: Advantages of transcranial color-coded sonography over conventional transcranial Doppler. Martin et al. 21

DUCTUS ARTERIOSUS

Changes in transmitral and pulmonary venous flow patterns in the first day of life. Harada et al. 399

DYSENCEPHALIA SPLACHNOCYSTICA

Meckel–Gruber syndrome associated with Rokitansky–Kuster–Hauser syndrome. Agapitos and Christodoulou. 452

EARLY PREGNANCY

Early fetal circulation in pregnancies complicated by retroplacental hematoma. Rizzo et al. 525

ECHOCARDIOGRAPHY

Multiplane transesophageal echocardiographic evaluation of transvenous defibrillation leads. Fehske et al. 153

ECHOGRAPHY

Quantification and assessment of carotid artery lesions: Degree of stenosis and plaque volume. Arbeille et al. 113

ECTOPIC PANCREAS

Complex lesion of the gastric wall: An unusual presentation of ectopic pancreas. Laurent et al. 438

ENDOMETRIAL CARCINOMA

Hypertensive intra-arterial chemotherapy for endometrial carcinoma assessed by transvaginal Doppler ultrasound and magnetic resonance imaging. Hata et al. 407

ENDOMETRIOSIS

Role of transvaginal sonography in the detection of endometriomata. Volpi et al. 163

ENDOVAGINAL ULTRASONOGRAPHY

Postirradiation female urethral diverticula: Diagnosis by voiding endovaginal sonography. Iula et al. 63

ESOPHAGEAL ATRESIA

Antenatal sonographic detection of the proximal esophageal segment: Specific evidence for congenital esophageal atresia. Satoh et al. 419

EXTRAHEPATIC PORTAL VEIN ANEURYSM

A case of extrahepatic portal vein aneurysm accompanying lupoid hepatitis. Itoh et al. 374

EXTRARENAL SPACE

Causes of increasing width of right anterior extrarenal space seen in ultrasonographic examinations. Chen J-J, et al. 287

FETAL BREATHING MOVEMENTS

Assessment of fetal breathing movements using three different ultrasound modalities. Bruner and Coggins. 551

FETAL SPLENIC CYST

Fetal splenic cyst: Change in size and shape with advancing menstrual age. Okada et al. 204

FILARIASIS

Ultrasonographic findings in scrotal filarial elephantiasis. Shen et al. 561

FILSHIE CLIPS

Increased uterine and ovarian vascular resistance following Filshie clip sterilization: Preliminary findings obtained with color Doppler ultrasonography. Sumiala et al. 511

FINE NEEDLE-ASPIRATION BIOPSY

Ultrasound-guided fine-needle aspiration biopsy of solitary pulmonary nodules. Chen C-C, et al. 531

FLOW VELOCITY WAVEFORMS

Acceleration time in normal fetal umbilical artery at term and its relationship to the cord blood hematocrit. Chang et al. 33

GALLBLADDER

Further observations on the usefulness of the sonographic Murphy sign in the evaluation of suspected acute cholecystitis. Bree. 169

Ultrasound appearance of primary carcinoid tumor of the gallbladder associated with carcinoid syndrome. Salimi and Sharafuddin. 435

Duplication of gallbladder associated with cholelithiasis: Sonographic detection. Chouhan et al. 556

GALLBLADDER TUBERCULOSIS

Gallbladder tuberculosis: Sonographic appearance. Jain R, et al. 327

GALLBLADDER WALL THICKENING

Gallbladder wall thickening in dengue hemorrhagic fever: An ultrasonographic study. Setiawan et al. 357

GOSSYPIBOMA

Gossypiboma: Ultrasound-guided removal. Jain M, et al. 321

GRADING, SONOGRAPHIC

Role of ultrasound in managing neuroblastoma detected by mass screening: A proposed ultrasonographic grading for children with neuroblastoma. Hirata et al. 305

HEART MORPHOLOGY

Multiplane transesophageal echocardiographic evaluation of transvenous defibrillation leads. Fehske et al. 153

HEMATOCRIT

Acceleration time in normal fetal umbilical artery at term and its relationship to the cord blood hematocrit. Chang et al. 33

HEMOLYTIC ANEMIA

Refractory hemolytic anemia secondary to perivalvular leak diagnosed by transesophageal echocardiography. Formolo and Reyes. 185

HEPATIC ARTERY

Portal vein pulsatility in normal and cirrhotic adults without cardiac disease. Wachsberg et al. 3

HEPATIC BLOOD FLOW

Relationship between portal blood flow measured by image-directed Doppler ultrasonography and hepatic blood flow measured by indocyanine green constant infusion in patients with cirrhosis. Bolognesi et al. 297

Flow reversal in the right anterior branch of the portal vein: "Bicolor portal vein" color Doppler analysis. Donoso et al. 429

HEPATIC PULSATILITY INDEX

Relationship between portal blood flow measured by image-directed Doppler ultrasonography and hepatic blood flow measured by indocyanine green constant infusion in patients with cirrhosis. Bolognesi et al. 297

HEPATIC VENOUS PULSATILITY

Hepatic venous Doppler waveforms: Changes in pregnancy. Roobottom et al. 477

HILAR CHOLANGIOCARCINOMA

Staging of hilar cholangiocarcinoma with ultrasound. Neumaier et al. 173

HYDATID DISEASE

Hepatic hydatid cyst communicating with the biliary tract. Vargas-Sarrano et al. 259

HYDROCOLPOS

Hydrocolpos in an 18-year-old man with mixed gonadal dysgenesis. Barzilai. 388

HYPERTENSIVE INTRA-ARTERIAL CHEMOTHERAPY

Hypertensive intra-arterial chemotherapy for endometrial carcinoma assessed by transvaginal Doppler ultrasound and magnetic resonance imaging. Hata et al. 407

HYPERTROPHIC PYLORIC STENOSIS

Pylorus subjacent to the gallbladder: An additional finding in hypertrophic pyloric stenosis. Levine et al. 425

HYPOECHOIC HALO

The hypoechoic halo: A finding in renal lymphoma. Villalón et al. 379

HYPOPHARYNX CANCER

Ultrasound characteristics of jejunal flap used in pharyngoesophageal reconstruction. Ahuja A, et al. 38

HYPOPHOSPHATASIA

Prenatal diagnosis of congenital hypophosphatasia. Tongsong et al. 52

HYSTEROSALPINGOGRAPHY

Sonohysterography of the uterine cavity: Preliminary investigations. Gaucherand et al. 339

HYSTEROSCOPY

Sonohysterography of the uterine cavity: Preliminary investigations. Gaucherand et al. 339

HYSTERSCOPY

Ultrasonic "honeycomb" appearance of uterine submucous fibroids undergoing cystic degeneration. Cohen et al. 293

IMAGE-DIRECTED DOPPLER ULTRASONOGRAPHY

Evaluation of breast tumors with color Doppler imaging: A comparison with image-directed Doppler ultrasound. Lee S-K, et al. 367

INDIVIDUALIZED GROWTH ASSESSMENT

Evaluation of twin growth status at birth using individualized growth assessment: Comparison with conventional methods. Xu et al. 277

INFLAMMATORY DISEASES

Causes of increasing width of right anterior extrarenal space seen in ultrasonographic examinations. Chen J-J, et al. 287

INTRAUTERINE LAMINARIA TENT

Transvaginal sonographic confirmation of a displaced intrauterine laminaria tent not seen on transabdominal examination. Sherer et al. 195

INTRAVASCULAR ULTRASOUND

A randomized trial of transcutaneous extraction atherectomy in femoral arteries: Intravascular ultrasound observations. Nakamura et al. 461

INTRAVENTRICULAR FUNGUS BALLS

Candida fungus balls presenting as intraventricular masses in cranial sonography. Winters et al. 266

JEJUNAL FLAP

Ultrasound characteristics of jejunal flap used in pharyngoesophageal reconstruction. Ahuja A, et al. 38

KIDNEY

Image-directed color Doppler ultrasonography of kidney in systemic lupus nephritis. Özbek et al. 17

Image-directed and color Doppler ultrasonography in the diagnosis of postbiopsy arteriovenous fistulas of native kidneys. Özbek et al. 239

KIDNEY LYMPHOMA

The hypoechoic halo: A finding in renal lymphoma. Villalón et al. 379

KLATSKIN TUMOR

Staging of hilar cholangiocarcinoma with ultrasound. Neumaier et al. 173

A case of Klatskin tumor with an unusual sonographic appearance. Barki and Katz. 317

LANGER–SALDINO ACHONDROGENESIS

Prenatal diagnosis of Langer–Saldino achondrogenesis. Tongsong et al. 56

LAPAROSCOPY

Role of transvaginal sonography in the detection of endometriomata. Volpi et al. 163

LEIOMYOMA

Degenerated uterine leiomyoma mimicking acute appendicitis: Sonographic diagnosis. Yacoe and Jeffrey, Jr. 473

LIVER TUMOR

Doppler velocity histogram analysis of hepatocellular carcinoma. Yasuhara et al. 225

LUPOID HEPATITIS

A case of extrahepatic portal vein aneurysm accompanying lupoid hepatitis. Itoh et al. 374

LUPUS NEPHRITIS

Image-directed color Doppler ultrasonography of kidney in systemic lupus nephritis. Özbek et al. 17

LYMPHOMA

The hypoechoic halo: A finding in renal lymphoma. Villalón et al. 379

MAGNETIC RESONANCE ANGIOGRAPHY

Transcranial color-coded duplex sonography, magnetic resonance angiography, and computed tomography angiography: Methods, applications, advantages, and limitations. Baumgartner et al. 89

New and future developments in cerebrovascular ultrasound, magnetic resonance angiography, and related techniques. Meairs et al. 139

MAGNETIC RESONANCE IMAGING

Hypertensive intra-arterial chemotherapy for endometrial carcinoma assessed by transvaginal Doppler ultrasound and magnetic resonance imaging. Hata et al. 407

MALIGNANCY

Causes of increasing width of right anterior extrarenal space seen in ultrasonographic examinations. Chen J-J, et al. 287

MASS SCREENING

Role of ultrasound in managing neuroblastoma detected by mass screening: A proposed ultrasonographic grading for children with neuroblastoma. Hirata et al. 305

MECKEL–GRUBER SYNDROME

Meckel–Gruber syndrome associated with Rokitansky–Kuster–Hauser syndrome. Agapitos and Christodoulou. 452

MEDIASTINUM

Ultrasonically guided needle biopsy of anterior mediastinal masses: Comparison of carcinomatous and non-carcinomatous masses. Hsu et al. 349

MELANOTIC SCHWANNOMA

Retroperitoneal melanotic schwannoma: Ultrasonographic features. Do-Dai et al. 42

MIXED GONADAL DYSGENESIS (MGD)

Hydrocolpos in an 18-year-old man with mixed gonadal dysgenesis. Barzilai. 388

MUCOID DEGENERATION OF THE UMBILICAL CORD

Prenatal diagnosis of mucoid degeneration of the umbilical cord. Petrikovsky et al. 554

MURPHY SIGN

Further observations on the usefulness of the sonographic Murphy sign in the evaluation of suspected acute cholecystitis. Bree. 169

NEEDLE BIOPSY

Ultrasonically guided needle biopsy of anterior mediastinal masses: Comparison of carcinomatous and non-carcinomatous masses. Hsu et al. 349

NEONATE

Evaluation of twin growth status at birth using individualized growth assessment: Comparison with conventional methods. Xu et al. 277

Changes in transmitral and pulmonary venous flow patterns in the first day of life. Harada et al. 399

NEOPLASM

Image-directed color Doppler ultrasonography in the evaluation of superficial solid tumors. Özbek et al. 233

NEOPLASMS

Thyroid nodules: Re-evaluation with ultrasound. Takashima et al. 179

NEOVASCULARIZATION

Image-directed color Doppler ultrasonography in the evaluation of superficial solid tumors. Özbek et al. 233

NEURILEMOMA

Retroperitoneal melanotic schwannoma: Ultrasonographic features. Do-Dai et al. 42

NEUROBLASTOMA, INFANTILE

Role of ultrasound in managing neuroblastoma detected by mass screening: A proposed ultrasonographic grading for children with neuroblastoma. Hirata et al. 305

NUCLEAR MEDICINE IMAGING

Color Doppler sonography: Anatomic and physiologic assessment of the thyroid. Clark et al. 215

OVARIAN CYST

Role of transvaginal sonography in the detection of endometriomata. Volpi et al. 163

PANCREAS

Sonographic appearance of an aberrant pancreas with unusual characteristics. Sánchez Ruano et al. 207

PANCREAS ECTOPY

Complex lesion of the gastric wall: An unusual presentation of ectopic pancreas. Laurent et al. 438

PARARENAL SPACE

Causes of increasing width of right anterior extrarenal space seen in ultrasonographic examinations. Chen J-J, et al. 287

PERIPHERAL VASCULAR DISEASE

A randomized trial of transcutaneous extraction atherectomy in femoral arteries: Intravascular ultrasound observations. Nakamura et al. 461

PERIVALVULAR REGURGITATION

Refractory hemolytic anemia secondary to perivalvular leak diagnosed by transesophageal echocardiography. Formolo and Reyes. 185

PERSISTENT RIGHT UMBILICAL VEIN

Antenatal diagnosis of persistent right umbilical vein. Ariyuki et al. 324

PHARYNGOESOPHAGEAL RECONSTRUCTION

Ultrasound characteristics of jejunal flap used in pharyngoesophageal reconstruction. Ahuja A, et al. 38

PLACENTAL HEMATOMA

Early fetal circulation in pregnancies complicated by retroplacental hematoma. Rizzo et al. 525

PLACENTAL INFARCTS

Placental infarction simulating a succenturiate lobe. Leekam. 251

POLYORCHIDISM

Triorchidism in the sibling of a patient with recently diagnosed seminoma. Bizzi et al. 314

PORTAL BLOOD FLOW

Relationship between portal blood flow measured by image-directed Doppler ultrasonography and hepatic blood flow measured by indocyanine green constant infusion in patients with cirrhosis. Bolognesi et al. 297

Flow reversal in the right anterior branch of the portal vein: "Bicolor portal vein" color Doppler analysis. Donoso et al. 429

PORTAL VEIN

Portal vein pulsatility in normal and cirrhotic adults without cardiac disease. Wachsberg et al. 3

Flow reversal in the right anterior branch of the portal vein: "Bicolor portal vein" color Doppler analysis. Donoso et al. 429

PORTAL VEIN ANEURYSM

A case of extrahepatic portal vein aneurysm accompanying lupoid hepatitis. Itoh et al. 374

PRENATAL ADRENAL HEMORRHAGE

Antenatal sonographic findings of fetal adrenal hemorrhage. Strouse et al. 442

PRENATAL DIAGNOSIS

Prenatal diagnosis of congenital hypophosphatasia. Tongsong et al. 52

Prenatal diagnosis of Langer–Saldino achondrogenesis. Tongsong et al. 56

Color Doppler ultrasound and prenatal diagnosis of cleft palate. Monni et al. 189

PRENATAL ULTRASONOGRAPHY

Changing ultrasonographic appearance of a vesico-allantoic abdominal wall defect. Nowell et al. 391

PRETERM INFANTS

Comparison of cerebral blood flow velocity estimation with cranial ultrasound imaging for early prediction of outcome in preterm infants. Rennie et al. 27

PROSTATIC SONOGRAPHY

Ultrasound-guided transperineal needle biopsy of the prostate after abdominoperineal resection. Fornage et al. 263

PSEUDOANEURYSM

Diagnosis of a posterior left ventricular pseudoaneurysm by multiplane transesophageal echocardiography. Fehske et al. 59

Image-directed and color Doppler ultrasonography in the diagnosis of postbiopsy arteriovenous fistulas of native kidneys. Özbek et al. 239

PULMONARY NODULE

Ultrasound-guided fine-needle aspiration biopsy of solitary pulmonary nodules. Chen C-C, et al. 531

PULMONARY VENOUS FLOW

Changes in transmitral and pulmonary venous flow patterns in the first day of life. Harada et al. 399

PULSATILITY INDEX

Measurement of blood flow velocity in the basal cerebral circulation: Advantages of transcranial color-coded sonography over conventional transcranial Doppler. Martin et al. 21

PYLORIC STENOSIS

Pylorus subjacent to the gallbladder: An additional finding in hypertrophic pyloric stenosis. Levine et al. 425

RECTAL NEOPLASMS

Review of artifacts associated with transrectal ultrasound: Understanding, recognition, and prevention of misinterpretation. Hulsmans et al. 483

RENAL ULTRASONOGRAPHY

Image-directed and color Doppler ultrasonography in the diagnosis of postbiopsy arteriovenous fistulas of native kidneys. Özbek et al. 239

RESISTANCE INDEX

Measurement of blood flow velocity in the basal cerebral circulation: Advantages of transcranial color-coded sonography over conventional transcranial Doppler. Martin et al. 21

ROKITANSKY–KUSTER–HAUSER SYNDROME (RKHS)

Meckel–Gruber syndrome associated with Rokitansky–Kuster–Hauser syndrome. Agapitos and Christodoulou. 452

SARCOMA, BLOOD SUPPLY

Image-directed color Doppler ultrasonography in the evaluation of superficial solid tumors. Özbek et al. 233

SCROTAL ELEPHANTIASIS

Ultrasonographic findings in scrotal filarial elephantiasis. Shen et al. 561

SCROTAL FILARIAL ELEPHANTIASIS

Ultrasonographic findings in scrotal filarial elephantiasis. Shen et al. 561

SEMINOMA

Triorchidism in the sibling of a patient with recently diagnosed seminoma. Bizzi et al. 314

SMALL BOWEL OBSTRUCTION

A prune-induced small intestinal obstruction: Sonographic appearance. Kong and Wang. 558

SMALL INTESTINAL OBSTRUCTION

A prune-induced small intestinal obstruction: Sonographic appearance. Kong and Wang. 558

SOFT-TISSUE NEOPLASMS

Image-directed color Doppler ultrasonography in the evaluation of superficial solid tumors. Özbek et al. 233

SONOHYSTEROGRAPHY

Sonohysterography of the uterine cavity: Preliminary investigations. Gaucherand et al. 339

SPARGANOSIS

Breast sparganosis: Mammographic and ultrasound features. Chung et al. 447

SPECTRAL ANALYSIS

Doppler velocity histogram analysis of hepatocellular carcinoma. Yasuhara et al. 225

SPLENIC CYST

Fetal splenic cyst: Change in size and shape with advancing menstrual age. Okada et al. 204

STAGING

Staging of hilar cholangiocarcinoma with ultrasound. Neumaier et al. 173

Role of ultrasound in managing neuroblastoma detected by mass screening: A proposed ultrasonographic grading for children with neuroblastoma. Hirata et al. 305

STENOSIS

Quantification and assessment of carotid artery lesions: Degree of stenosis and plaque volume. Arbeille et al. 113

SYNOVIAL OSTEOCHONDROMATOSIS OF THE HIP

Synovial osteochondromatosis of the hip: Role of sonography. Pai and van Holsbeeck. 199

SYSTEMIC LUPUS ERYTHEMATOSUS

Image-directed color Doppler ultrasonography of kidney in systemic lupus nephritis. Özbek et al. 17

THORAX

Sonography of the costal cartilage: Normal anatomy and preliminary clinical application. Choi et al. 243

THROMBUS FORMATION

Multiplane transesophageal echocardiographic evaluation of transvenous defibrillation leads. Fehske et al. 153

THYROID

Thyroid nodules: Re-evaluation with ultrasound. Takashima et al. 179

THYROID GLAND

Color Doppler sonography: Anatomic and physiologic assessment of the thyroid. Clark et al. 215

TIETZE'S SYNDROME

Sonography of the costal cartilage: Normal anatomy and preliminary clinical application. Choi et al. 243

TISSUE CHARACTERIZATION

Doppler velocity histogram analysis of hepatocellular carcinoma. Yasuhara et al. 225

TRANSCRANIAL COLOR-CODED SONOGRAPHY

Measurement of blood flow velocity in the basal cerebral circulation: Advantages of transcranial color-coded sonography over conventional transcranial Doppler. Martin et al. 21

TRANSCRANIAL DOPPLER

Transcranial Doppler ultrasound assessment of intracranial hemodynamics in children with diabetic ketoacidosis. Hoffman et al. 517

TRANSESOPHAGEAL ECHOCARDIOGRAPHY

Diagnosis of a posterior left ventricular pseudoaneurysm by multiplane transesophageal echocardiography. Fehske et al. 59

Refractory hemolytic anemia secondary to perivalvular leak diagnosed by transesophageal echocardiography. Formolo and Reyes. 185

Cor triatriatum dexter diagnosed by transesophageal echocardiography. Fiorilli et al. 502

TRANSMITRAL FLOW

Changes in transmitral and pulmonary venous flow patterns in the first day of life. Harada et al. 399

TRANSRECTAL ULTRASOUND

Review of artifacts associated with transrectal ultrasound: Understanding, recognition, and prevention of misinterpretation. Hulsmans et al. 483

TRANSTHORACIC ECHOCARDIOGRAPHY

Aortic dissections masquerading as aortic valvular disease. Xie et al. 382

TRANSVAGINAL DOPPLER

Hypertensive intra-arterial chemotherapy for endometrial carcinoma assessed by transvaginal Doppler ultrasound and magnetic resonance imaging. Hata et al. 407

TRANSVAGINAL SONOGRAPHY

Role of transvaginal sonography in the detection of endometriomata. Volpi et al. 163

Transvaginal sonographic confirmation of a displaced intrauterine laminaria tent not seen on transabdominal examination. Sherer et al. 195

Sonohysterography of the uterine cavity: Preliminary investigations. Gaucherand et al. 339

TRANSVAGINAL ULTRASONOGRAPHY

Early fetal circulation in pregnancies complicated by retroplacental hematoma. Rizzo et al. 525

TRIORCHIDISM

Triorchidism in the sibling of a patient with recently diagnosed seminoma. Bizzi et al. 314

TUBERCULOSIS

Abdominal tuberculosis: Comparison of sonography and computed tomography. Sheikh et al. 413

TUBERCULOSIS, OF THE GALLBLADDER

Gallbladder tuberculosis: Sonographic appearance. Jain R, et al. 327

TUBERCULOUS MYOSITIS

Tuberculous myositis: CT and sonographic findings in two cases. Wilbur et al. 495

TURBULENCE

Doppler velocity histogram analysis of hepatocellular carcinoma. Yasuhara et al. 225

TWINS

Evaluation of twin growth status at birth using individualized growth assessment: Comparison with conventional methods. Xu et al. 277

ULTRASONICALLY GUIDED ASPIRATION BIOPSY

Ultrasonically guided needle biopsy of anterior mediastinal masses: Comparison of carcinomatous and non-carcinomatous masses. Hsu et al. 349

ULTRASOUND PHANTOMS

An easily made, low-cost, tissue-like ultrasound phantom material. Bude and Adler. 271

UMBILICAL ARTERY

Acceleration time in normal fetal umbilical artery at term and its relationship to the cord blood hematocrit. Chang et al. 33

UMBILICAL CORD

Prenatal diagnosis of mucoid degeneration of the umbilical cord. Petrikovsky et al. 554

UMBILICAL CORD HEMATOMA

Discordant umbilical artery flow velocity waveforms in spontaneous umbilical cord hematoma. Sepulveda et al. 330

UMBILICAL VEIN

Antenatal diagnosis of persistent right umbilical vein. Ariyuki et al. 324

URETHRAL DIVERTICULA

Postirradiation female urethral diverticula: Diagnosis by voiding endovaginal sonography. Iula et al. 63

UTERINE CAVITY

Sonohysterography of the uterine cavity: Preliminary investigations. Gaucherand et al. 339

UTERINE FIBROID

Ultrasonic "honeycomb" appearance of uterine submucous fibroids undergoing cystic degeneration. Cohen et al. 293

UTERUS

Degenerated uterine leiomyoma mimicking acute appendicitis: Sonographic diagnosis. Yacoe and Jeffrey, Jr. 473

VASCULAR DIAGNOSIS

Biophysical priniciples of vascular diagnosis. Hoeks and Reneman. 71

Experimental aspects of high-intensity transient signals in the detection of emboli. Markus and Tegeler. 81

Transcranial color-coded duplex sonography, magnetic resonance angiography, and computed tomography angiography: Methods, applications, advantages, and limitations. Baumgartner et al. 89

New and future developments in cerebrovascular ultrasound, magnetic resonance angiography, and related techniques. Meairs et al. 139

VASCULAR DISEASE

A randomized trial of transcutaneous extraction atherectomy in femoral arteries: Intravascular ultrasound observations. Nakamura et al. 461

VASCULAR RESISTANCE

Increased uterine and ovarian vascular resistance following Filshie clip sterilization: Preliminary findings obtained with color Doppler ultrasonography. Sumiala et al. 511

VASONEURONAL COUPLING

Cerebrovascular regulation and vasoneuronal coupling. Daffertshofer and Hennerici. 125

VELOCITY ESTIMATION

Biophysical priniciples of vascular diagnosis. Hoeks and Reneman. 71

VELOCITY HISTOGRAM

Doppler velocity histogram analysis of hepatocellular carcinoma. Yasuhara et al. 225

VENOUS PULSATILITY

Hepatic venous Doppler waveforms: Changes in pregnancy. Roobottom et al. 477

VESICO-ALLANTOIC ABDOMINAL WALL DEFECT

Changing ultrasonographic appearance of a vesico-allantoic abdominal wall defect. Nowell et al. 391

VISCERAL SLIDE

Visceral slide for intraperitoneal adhesions? A prospective study in 48 patients with surgical correlation. Uberoi et al. 363
